**Subject:** Potential dates for a site visit to Haystack No. 1

Randy,

Good to meet with you last week in San Francisco. Understanding that you had several upcoming trips to the field planned, I thought I would reach out to you sooner than later to begin looking at possible dates for a field visit to the Haystack Mines No. 1 area. I believe our respective counsels are working through the access issues, so as soon as that has been resolved, I would like to plan a visit to the site. Probably easiest for us to have some possible dates that are convenient for you and then adjust our schedules accordingly. Please send at your convenience.

Regards,

**Charles D. Thomas**     **BNSF Railway Company**
